Dear Mekaylin,

Thank you for following up today. I have not heard back from [probono.org](#) for some time and I appreciate you following up.

I shared a folder with all of the affidavits in it. My facts in all of these are correct and true.

I appreciate you looking at the case.

Right now I am in need of medical attention please. I am unwell and am struggling to work now. I tried government services last week (Groote Schuur) for a biopsy but they say three weeks for results and I have been in some pain for some time.

I also have untreated Emphysema that feels like it has progressed. I am tired all of the time now.

All officials and government departments, as well as regional civil court, were informed that this is a case of domestic violence and were asked repeatedly for assistance.

All were informed of my health problems and given evidence of everything or offers to access to my full email account with evidence in it.

Over a year and a half and I have been ignored, called crazy and almost lost my son and have been accused of lying in writing by BADISA.

No investigation has been done into my claims yet.

I have asked for help with domestic violence case in writing and / or verbally from:

- 1) Anne Cawood, Jodi Lord, Joan Campbell (private social workers hired to investigate a false allegation of sexual abuse by my ex husband)
- 2) SAPS - Fish Hoek and Diep River
- 3) THE FCS - Wynberg (CPTSD Golding)
- 4) ADV De Kock (no response)
- 5) BADISA - wynberg and mail to Head Office (no response)
- 6) The Mayor of Cape Town - sent one mail to have case opened with DSD and no further response for over a year and a half of further requests for help
- 7) Representatives in the DSD where a case was opened for me - no reply to any mails for over a year and a half
- 8) Wynberg Regional Civil Court - ignored
- 9) Kirstenhof Primary School - ignored
- 10) SAPS Muizenberg - ignored
- 11) SAPS Sea Point - ignored
- 12) Dr John Grant and Dr Watkins-Neethling
- 13) FNB Law on Call - disbelieved by one attorney; told I look guilty by another; meeting with third attempt who has now vanished
- 14) Standard Bank - ignored and they handed account over to lawyers. I have not missed a payment sincerely I have been with them for thirty years odd until this case escalated
- 15) Clerk of domestic violence 3 x - first time sent away and told too hard to prove as it is covert / emotional and psychological; second time waited for an hour and gave up as was exhausted and unwell; third time clerk saw my physical appearance and gave me forms but I am too exhausted to continue trying and don't believe it will help any longer.
- 16) Family Advocate - no response. Asked to drop off hard copies of ADVTs when I makes a second time.
- 17) Anton Neethling (Cattow) - ignored and case of falsely allegation of fraud against me pursued in Civil Court despite evidence of no fraud presented to them.

I lost my medical in April this year. I have lost my life-partner (we are afraid of my exes possible further action). I have lost my business and am about to lose my car and possibly my home.

I have done my best to try and get help and stop my ex now. I have lost everything in the process.

My son has clear signs of trauma from being unnecessarily and mercilessly questioned by Joan Campbell last year and from me leaving suddenly for treatment for anxiety and mental exhaustion due to the false allegation.

I believe I am also suffering from some PTSD and a severe eating disorder reappeared around September last year - trauma related.

My greatest urgency now is medical attention so that I am able to work again. Please.

Thank you for your time.

Nicole Dreyer
